Dear Rev. Fr. Xavier James and Staff,

Greetings of peace!

We appreciate all that you have been doing for the poor, migrants, oppressed, women and children through various social activities! May God bless you for the same. Continue to be the face of the Church in the midst of the society at large.

We express deep sense of gratitude to all the donor agencies and individual donors for playing a vital role in the empowerment of the various sections of the society through constant financial support. Do continue to collaborate with us.

The need of the hour is to save mother earth and seriously tackle the impending danger to the very existence of life on earth due to climate change. The effects of climate change are visible and experienced on the whole globe of the earth. Mankind needs to wake up from slumber and take up immediate steps to renovate the destruction caused to the earth and the atmosphere. If we fail, we may reach the stage of no return. Since you are involved in direct touch with people at the grass root level, you can render a great service to mankind by making these people aware of the future of life on earth and how they can respond to the situation.

Be assured of our support and cooperation to you as you move forward to spread the love, peace, joy of Christ our Lord!

Yours devotedly in Christ,
